Previously Thirty Two

Elmhurst Presoak Destainer

Granular Formulation

Elmhurst is a non-abrasive, granular peroxy based cleaning compound that safely removes coffee and coffee oils, tea and food stains from plastics and china; Also removes rancid coffee oils and tannins from aluminum and stainless steel coffee urns.

DIRECTIONS FOR USE

De-staining plastic and china dinnerware: Dissolve 1.5 tablespoons of resolve Elmhurst per one gallon of water. Keep solution hot between 140° and 160°F. Immerse utensils, let soak until stains are removed. Rinse thoroughly in clear water or put them through dishmachine. De-staining coffee and tea makers (automatic fill): Insert coffee filter into basket and measure 1.5 tablespoons of resolve Elmhurst into filter per one gallon. Run brew cycle. Run tea/coffee cycle-twice if necessary. Flush with clean water until solution is clear. Note: If coffee maker is made of aluminum, dissolve resolve Elmhurst in another container first. Allow solution to settle-then pour only clear solution into coffee maker. Undissolved resolve Elmhurst may etch or discolor aluminum. De-staining coffee and tea dispensers (portable type-thermal): Flush empty container with clear water. Scrub all parts with a solution of resolve Elmhurst, 1/2 to 1 oz. per gallon of hot water. Rinse thoroughly with fresh water and invert to air dry.

DANGER HAZARD STATEMENTS

Risk of serious damage to eyes.
Harmful if swallowed.

PRECAUTIONARY STATEMENTS

Wear protective gloves, splash goggles, face shield, full suit, vapor respirator and boots. Do not breathe dust/ mist. Wash thoroughly after handling.

FIRST AID

Eye Contact. Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention immediately. **Skin Contact.** Wash skin with copious amount of water. Seek medical attention immediately. **Inhalation.** Move victim to fresh air. Flush mouth and nasal passage with water repeatedly. Seek medical attention immediately. **Ingestion.** Do not induce vomiting. Drink copious amounts of water. Seek medical attention immediately.

STORAGE

Store in original container protected from sunlight in a well ventilated area, away from incompatible materials, food and drink. Avoid contact with heat, spark or open flame. Keep out of reach of children.

SPILL/LEAK

Put on appropriate personal protective equipment. Move container from spill area. Dilute with water and mop up if water soluble or absorb with an inert dry material and place in an appropriate waste disposal container.

DISPOSAL

Dispose of material in accordance with local, state and federal regulations.

HAZARDOUS INGREDIENTS

Sodium Metasilicate Anhydrous (6834-92-0)
Sodium Percarbonate Peroxyhydrate (15630-89-4)
Sodium Carbonate (497-19-8)
Ethylenediaminetetraacetate, Tetrasodium (13235-36-4)
