Tiverton

Odor + Stain Eliminator

Lavender

Tiverton is a to-use liquid deodorizer and cleaner. Tiverton contains microbial enzymes that biologically eliminate malodor-causing molecules, chemical agents that trap odor causing molecules, and a powerful fragrance combination of odor masks and neutrolemum that together guarantee a fresh smelling environment. Tiverton's unique triple-active formulation makes it the first choice for eliminating the toughest malodors and stains including smoke, fish, and urine. Use on tough organic soils, especially to eliminate urine "uric acid," fecal and vomit odors through biological digestion. Detergents loosen and remove soils while live bacteria actually attack and destroy stains and odors, leaving a fresh fragrance. Cleans drains and grease traps, too! Reduces resoiling on clean carpet areas.

DIRECTIONS FOR USE

Carpet Odor. Spray affected area until thoroughly wet. Blot and allow to dry. Repeat if necessary. Pre-test for color fastness. **To Control Odors Produced by Soils around Urinals and Toilets.** Thoroughly clean these surfaces in normal manner to remove visible soils. Then spray Tiverton lightly on surfaces which will not have direct contact with people (floors, walls) and allow to dry. Will not stain. **Stain Removal.** Urine, Fecal And Vomit Stains — Remove as much solid material as possible from the stained surface. Spray affected area, wiping excess and allow to dry. Carpets — Wet solid area thoroughly and allow to soak for approximately 15 minutes before shampooing. Laundry — Apply to stain until wet, let soak 15 to 30 minutes, then launder as usual. **For Pre-Soaking Fabric Stained with Blood, Urine, or Feces.** Add entire quart to 30 gallons of water and soak for 30 minutes. **Drains.** Add 2 to 4 ounces weekly for routine maintenance and odor control. **For Grease Traps.** add one pint (1/2 of quart bottle) weekly or as necessary. Will not harm pipes, sewers, or septic tanks.

WARNING

HAZARD STATEMENTS

May cause eye or skin irritation.

PRECAUTIONARY STATEMENTS

Wear protective gloves and eye protection.

Wash thoroughly after handling.

FIRST AID

Eye Contact. Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention if symptoms persist. **Skin Contact.** Wash skin with copious amount of water. Seek medical attention if symptoms persist. **Inhalation.** Remove to fresh air. Seek medical attention if symptoms persist. **Ingestion.** Do not induce vomiting. Drink copious amounts of water. Seek medical if symptoms persist.

STORAGE

Store in original container protected from sunlight, in a well ventilated area, away from incompatible materials, and food and drink. Keep out of reach of children.

SPILL/LEAK

Put on appropriate personal protective equipment. Move container from spill area. Dilute with water and mop up if water soluble or absorb with an inert dry material and place in an appropriate waste disposal container.

DISPOSAL

Dispose of material in accordance with local, state and federal regulations.
