

Largo  
Neutral  
Cleaner  
Orange Splash

Largo is dispensed ready-to-use directly into your spray bottle, mop bucket or Pro-Foamer foaming sprayer through the dispenser tube located below the color/shape coded buttons on the dispenser.

To fill your container: Place dispenser tube in container. Use "one handed fill" lever or press and lock fill button to fill larger containers. When container is nearly full, release button or disengage "one handed fill" lever and allow remaining ready-to-use product in tube to drain into container. As installed, the dispenser dilutes Largo to the most versatile strength for regular use. For very light or very heavy duty cleaning applications additional dilutions may be dispensed. Consult your Cleanslate Representative for additional information.

**DIRECTIONS FOR USE:**

**Floors: Automatic Scrubbers.** Dispense product solution into clean, empty detergent tank. Insure tank does not contain degreaser or stripper residues before dispensing this product.

**Hand Mopping.** Dispense product solution into clean, empty bucket. Using a clean mop, damp mop the floor, picking up soils and cleaner in one operation. Re-wet mop and wring out frequently during use. Let floor dry before allowing traffic or before buffing or finish recoating.

**Other Washable Surfaces.** Dispense product solution into spray bottle or other container. Spray, foam, brush or wipe onto surface. Allow solution to sit or agitate if necessary, then wipe away residues. No rinsing required except on food contact surfaces which require a potable water rinse before use.

**FOR INSTITUTIONAL AND INDUSTRIAL USE ONLY. NOT FOR CONSUMER USE.**

Does not contain sufficient quantities of hazardous ingredients to warrant GHS classification.

May be irritating to the eyes.

Avoid eye contact. Use general precautions when working with chemicals.
