

## GENERAL INFORMATION

This product utilizes the latest ingredients that are less hazardous to the environment without sacrificing performance. Designed to rid the dish machine of scale and lime formations due to hard water precipitates. This balanced product works quickly to brighten internal surfaces and leave them sparkling. Contains special surfactants that de-grease internal surfaces of machine.

## DIRECTIONS

Drain, flush, and clean out dish machine. Pull screens and flush to clean. Disconnect dispensing equipment to prevent the addition of detergent during descaling operation. Close drain of dish machine. Add 1 ounce of delimer per gallon of water capacity for the dish machine. Fill machine to normal operating level with hot water. Run machine in manual mode for up to 5 minutes. Check to see if lime scale is being removed. If this is an initial treatment or there is a severe lime problem, increase the amount of delimer being used. Drain dish machine and flush thoroughly with clear water. Fill dish machine and run through a normal operating cycle. Drain and flush again. Engage the dispensing equipment.

External Use: Personnel must wear safety gloves and goggles when handling product. Mix 1:1 with clean tap water. Swab or spray onto surface to be cleaned. Agitate lightly then flush area thoroughly with clean water.

**Do not use with or store near chlorine bleach.**

## INGREDIENTS (CAS#)

Water (7732-18-5); Citric Acid (77-92-9); Oxirane, 2-methyl-polymer with oxirane (9003-11-6); Caramel, Burnt Sugar (8028-89-5).
