

Window Rock Glass + Hard Surface Cleaner

Fragrance Free

Window Rock is dispensed ready-to-use directly into your spray bottle or mop bucket through the dispenser tube located below the color/shape coded buttons on the dispenser.

To fill your container: Place dispenser tube in container. Use "one handed fill" lever or press and lock fill button to fill larger containers. When container is nearly full release button or disengage "one handed fill" lever and allow remaining ready-to-use product to drain into container.

As installed, the system dispenser dilutes Window Rock to the best strength for regular use. For very light or very heavy duty cleaning additional dilutions may be dispensed. Consult your Cleanslate Representative for details.

DIRECTIONS FOR USE:

Spray a light mist onto surface. Wipe over entire surface and polish dry. For best results use two lint-free paper towels or cloths. Wipe clean with the first cloth and polish with the second dry cloth. **DO NOT** use cloths or towels when they become excessively dirty. A sponge may be used to clean large windows or mirrors, followed by drying with a squeegee or paper towels.

PLEXIGLAS: Care should be taken when particles of soil are on plexiglas, since these particles may scratch the soft plexiglas finish. Use only a clean, soft cloth when cleaning plexiglas. Spray on and clean with first cloth, polish and dry with second cloth.

OTHER HARD SURFACES: Spray on and wipe off. Allow to dry or polish with a dry cloth.

FOR INSTITUTIONAL AND INDUSTRIAL USE ONLY. NOT FOR CONSUMER USE.

Contains Isopropanol (67-63-0), 2-Butoxy Ethanol (111-76-2), and Ammonium Hydroxide (7664-41-7).

DANGER

Causes severe skin burns and eye damage. Flammable liquid and vapor. Wear protective gloves and eye protection. Wash thoroughly after handling. Do not breathe mist. Keep container tightly closed. Keep away from heat - no smoking. Use explosion proof electrical equipment. Take precautionary measures against static discharge. Use only non-sparking tools. In case of fire, use water spray or fog, foam, dry chemical, carbon dioxide, alcohol foam for extinction.

IF ON SKIN (or hair)

Remove immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse.

IF IN EYES

Rinse cautiously with water for several minutes. Remove contacts, if present and easy to do. Continue rinsing.

IF SWALLOWED

Rinse mouth. Do NOT induce vomiting.

IF INHALED

Remove to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or physician.
