Hobart

Stain Remover

Pre-spotter

Hobart is a concentrated laundry pre-spotter and wash additive, formulated with a blend of environmentally friendly solvents, emulsifiers, enzymes and an agent specific for plastic-based stains. It can be used as a pre-spotter, as a presoak or as a laundry additive. The unique enzymatic activity allows for quick penetration, digestion, and removal of the toughest stains and soils. Utilizing Hobart as part of a complete laundry care line will reduce rewash and increase linen life. The proprietary blend of enzymes found in Hobart allows for the quick removal of many types of stains particularly proteinaceous and fatty stains; these include protein based and/or baked-in stains and blood, and fatty stains such as lipstick, frying fats and butter, and the tough stains on collars and cuffs containing human sebum. It is safe on cotton, polyester and most other common fabrics; it's also color safe.

DIRECTIONS FOR USE

To spot fabric: Saturate a clean white towel with product. Rub stain vigorously with the wet towel. Blot fabric with a separate clean, dry towel. Repeat steps as necessary to achieve desired results. As a pre-spotter: Spot stained area liberally; 'feather' with spotting brush if available. Allow to remain on stained fabric for at least 10 minutes before initial laundering. As a pre-soak: Use approximately 2 cups product for every 5 gallons of water. Allow sufficient time to soak, then proceed to wash. As an enzyme wash additive: Add in equal parts with wash detergent.

WARNING

HAZARD STATEMENTS

May cause eye irritation.

PRECAUTIONARY STATEMENTS

Wear protective gloves, splash goggles and protective clothing. Do not breathe mist /vapors /spray. Wash thoroughly after handling.

FIRST AID

Eye Contact. Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention if symptoms persist.

Skin Contact. Wash skin with copious amount of water. Seek medical attention if symptoms persist. **Inhalation.** Remove to fresh air. Seek medical attention if symptoms persist. **Ingestion.** Do not induce vomiting. Drink copious amounts of water. Seek medical attention immediately.

STORAGE

Store in original container protected from sunlight in a well ventilated area, away from incompatible materials, food and drink. Avoid heat, spark, open flame and other ignition sources. Keep out of reach of children.

SPILL/LEAK

Put on appropriate personal protective equipment. Move container from spill area. Dilute with water and mop up if water soluble or absorb with an inert dry material and place in an appropriate waste disposal container.

DISPOSAL

Dispose of material in accordance with local, state and federal regulations.

HAZARDOUS INGREDIENTS

1-butoxy-2-propanol (5131-66-8)

Nonylphenol, ethoxylated (127087-87-0)
