

Sparks is a highly alkaline, non-phosphate solid detergent designed for the removal of tough food soils. It contains low foaming surfactants as well as its own rinse additive to assure one pass cleaning without spots, and excellent results in a wide range of water conditions.

DIRECTIONS FOR USE

Do not use on aluminum, silver plate, or pewter. Remove cap. Turn upside down and place into dispensing bowl. Be careful not to get product on hands or into eyes. Scrape and flush gross soils from kitchenware prior to machine washing. Machine wash water should be changed when noticeably dirty. When kitchenware is removed from machine, set aside to air dry. When dry, place into a sanitary storage area. This product is highly alkaline.
